

ACI-*fib*-RILEM FRC-UHPFRC Workshop Budapest 2026

Dear Silver Sponsor,

As we are approaching the ACI-*fib*-RILEM FRC-UHPFRC Workshop Budapest 2026, we would like to thank you once again for your valuable support of the Workshop. We are pleased to provide you with some practical information about the exhibition space available to our Silver Sponsors.

Exhibition space

Each Silver Sponsor will be provided with:

- one table, approximately 75 × 180 cm
- two chairs
- access to a 220 V electrical outlet
- some additional space around the table for roll-up banners or other display materials
- upon request, two freestanding wooden panels, approximately 80 × 150 cm each (width × height), which can be used to define or decorate the exhibition space. Please, indicate if you wish these wooden panels too.

The exhibition area will provide **an opportunity to present your company, products, projects and services to the Workshop participants and to establish direct contacts with researchers, engineers** and other professionals working in the field of fibre reinforced and ultra-high-performance concrete.

Please note that the exhibition setup is based on a **table arrangement** rather than a conventional exhibition booth. Sponsors are therefore welcome to bring their own roll-up banners, posters, product samples, brochures or other display materials.

We will provide further information regarding the location of the exhibition area, setup and access times closer to the Workshop.

As you know 2 free registrations are included in your Agreement. (Banquet is extra.) Registration (please, do it) as a Sponsor is only needed to select the Programme details (Welcome, Technical excursion) and selection of food: conventional or vegan:

We recommend to send us the names of max. 2 colleagues to us who are part of your Sponsorship to check (no need if it is clear). Of course, additional registrations are always possible.

Installation of Exhibition area

You can prepare the installation of your Exhibition area:

Sunday, 27 Sept 2026 from 16.30 o'clock to Monday, 28 Sept 2026, 9 o'clock.

You can close your Exhibition area:

Wednesday, 30 Sept 2026 around the Closing of the Workshop.
